

## U.S. Becomes “Tourist Hell”

A news story like this must make Lou Dobbs tear his hair out. With all the well intended complaints about our border guards not stopping illegal immigrants, what do the noble Customs officials do at the airport in New York City? They jail an attractive blond lady, an innocent tourist from Iceland. (Isn't that where all the terrorists hide out in the hot desert?)

They play with this lady's dignity, jail her; then, send her back to Iceland. Why? Because they claim that in 1995 she stayed in the United States three weeks longer than her Visa allowed.

If you live outside the United States, this is NOT a good time to plan a vacation here.
